RATE SCHEDULE 1
Farm and Rural Residential
Effective January 1, 2017

AVAILABILITY

Available for all uses, subject to the established rules and regulations of the Seller, for:

- Farm and Rural Residential Members

TYPE OF SERVICE

Single-phase, 60 cycles, at available secondary voltage. The capacity of individual motors served under this schedule shall not exceed 10 H.P. except by special permission. This permission may be granted when voltage drop studies indicate a minimal voltage drop to other members.

RATE

Facility Charge:

- \$28.00 per month plus \$.54/kVA over 25 kVA of installed transformer capacity

Energy Charge:

- \$.065 per kWh per month

MINIMUM CHARGES

The minimum monthly charge under the above rates shall be the base rate for the type of service listed above or greater if established rules and line extension policies apply.

For members requiring more than 25 kVA of transformer capacity, the minimum monthly charge shall be increased at the rate of \$.54 for each additional kVA or fraction thereof required. The cooperative will retain the right to determine the transformer capacity to be installed.

COST OF PURCHASED POWER ADJUSTMENT

If at any time after January 1, 2017, the wholesale cost of purchased power is increased or decreased, the seller may increase or decrease the selling cost .1 mills for every .1 mill, or major fraction thereof, the cost of purchased power is increased or decreased. The purchased power adjustment shall be shown as a separate item on the member's billing statement.

TERMS OF PAYMENT

Meters are read by the cooperative on the first of the month and current bill shall be paid by the first of the following month to avoid penalties.
