RATE SCHEDULE 49
Public Service
Effective February 1, 2019

AVAILABILITY

Available to commercial and industrial members for all electrical services which may be for emergency or public safety type loads subject to established rules and regulations covering this class of service.

TYPE OF SERVICE

Single-phase, 60 cycles, at available secondary voltage. The capacity of individual motors served under this schedule shall not exceed 25 H.P. except by special permission. This permission may be granted when voltage drop studies indicate a minimal voltage drop to other members.

RATE

Service Charge:

- \$24.00 per month

Energy Charge:

- \$.077 per kWh per month

MINIMUM CHARGES

The minimum monthly charge under the above rate shall be the base rate or greater if established rules and line extension policies apply.

COST OF PURCHASED POWER ADJUSTMENT

If at any time after February 1, 2019, the wholesale cost of purchased power is increased or decreased, the seller may increase or decrease the selling cost .1 mills for every .1 mill, or major fraction thereof, the cost of purchased power is increased or decreased. The purchased power adjustment shall be shown as a separate item on the member's billing statement.

BILLING AND TERMS OF PAYMENT

1. Meters will be read by the Cooperative on the 1st of each month.
2. The electric energy bills will be computed by the Cooperative and submitted to the member by approximately the 5th of the month.
3. Payment is due the 25th of the month. Bills not paid by the 1st of the following month will be assessed a penalty.
